

INDIAN RIVER GENEALOGICAL SOCIETY

Annual Valentine Seminar

proudly presents

Stephen P. Morse of San Francisco

A nationally recognized genealogical and computer speaker, Mr. Morse is the creator of One-Step Webpages, a useful tool for many online genealogical databases, such as Ellis Island, the 1930 US Federal Census and many more. His computer skills make him one of the most sought after speakers in the current world of online family history research. Mr. Morse will give 3 lectures all of which will cover information for the beginner to advanced family historians.

Please take a peek at his website for more information: <http://www.stevemorse.org/>

FEBRUARY 9, 2008 at the state of the art Richardson Center, Indian River Community College, 6155 College Lane, Vero Beach, Florida
